Omni Hybrid MAXX

Combination of Hybrid Lower and Hybrid Upper

Our ALL NEW OMNI HYBRID MAXX features a fully-patented metal reinforced polymer upper receiver along with a fully-patented metal reinforced polymer lower receiver.

**Patent Pending OMNI Hybrid MAXX Upper**

- Metal-reinforced polymer upper receiver
- Lightweight with durability of a forged aluminum upper
- Metal insert to reinforce critical areas

**Fully-patented metal-reinforced polymer lower receiver**

- Reinforced at critical point of buffer tube housing
- Lightness of polymer with stability of a billet receiver

**NEW for 2015!**

- Multi-Caliber, 5.56mm, 300BLK, 22LR, 6.8 SPC
- Accepts all Mil-Spec parts
- Only 1/2 a pound! (8 ounces)

**Fully-patented inter-lock hammer and trigger pin retention system**

Prevents movement from the hammer and trigger pin during firing.

Weight: 7.9oz

Patent # US906876132

Item: ATIG15MSQ
American Tactical AT-47

The AT-47 is a 7.62x39mm Rifle assembled in the USA by American Tactical. Made from Zastava M70 parts kits sourced from Serbia, the AT-47 features a US made receiver and barrel. All of the Zastava parts in each AT-47 originated in one complete rifle. Each rifle was de-milled and packaged as a parts kit individually to keep original matching parts together on each US assembled rifle. Featuring the original underfolding stock, the AT-47 is functional in both the field and in close quarter situations.

American Tactical Shotguns
OMNI Hybrid MAXX Shotgun

The ATI Omni Maxx .410 shotgun is a gas operated, short stroke, balanced piston system designed to use 2.5" .410 shells. It functions with a wide variety of .410 loads from bird shot to slugs. The proprietary gas system and bolt carrier group are patent pending. The initial version will include an 18.5" barrel. The complete rifle will be built on ATI’s Omni Hybrid lower with a six position adjustable SuperStoc and ambidextrous sling attachment plate. The upper handguard will be a 10” free floating quad rail. The shotgun will be available as both a complete unit as well as a separate upper receiver assembly.

Omni Hybrid MAXX .410 Shotgun
Complete .410 upper 18.5” BBL
10” quad rail 6 Position Super-Stoc™
5RD magazine Ambidextrous sling plate
6.5 lbs
Item: ATIGOMX410

NEW for 2015!

.410 Magazines (patent pending)
The OMNI Hybrid MAXX .410 magazines are newly designed and proprietary to ATI’s shotgun. They feature a design which allows maximum use of the magazine well in order to feed 2.5" .410 shells.

(Each .410 MAXX Shotgun will come with a 5RD magazine, however 15RD magazines will be sold separately)
We are proud to present our latest line of Cavalry hunting and sporting shotguns. The Cavalry SX Over/Under comes in 12-20-28-410 gauge, and also comes with auto ejector versions. Triggers are single selective, chambered for up to 3” Magnum, and come with 5 interchangeable chokes.

**Cavalry Over/Under**

**Cavalry SX Over/Under 12 Gauge**
- Wood Stock: 12 gauge 3” chamber
- High rib double head: 28” barrel
- Ejector (SVE) or Extractor (SV) versions available
- Item: ATIGKOF [12] [20] [410] + SV or SVE
- ATIGKOF28 available only in SV

**Cavalry Sport**
- Wood Stock: 12 gauge 3” chamber
- High rib double bead: 6.8 lbs
- Extractor: 30” BBL
- Item: ATIGKOF [12SP] [20SP] [28SP] [410SP]

**Turkey Fowl**
- Wood Stock: 12 gauge 3” chamber
- 9” BBL extensions: 21” BBL
- Extractor
- Item: ATIGKOF12TF

Tapped and drilled for Weaver Rail 417T – 48333
- Multi Slot Base
- Uses qty 4 8X40 screws
- Rail & optic not included
Alpha Shotguns

New for 2015, we are proud to offer our new Alpha Shotguns! ATI’s Alpha Shotguns have two different models available, Alpha Field and Alpha Sport.

Alpha Field is made for hunting, with a stock and forearm made of Turkish Walnut and a 28” barrel that operates on a Semi-Auto Inertia recoil system.

The Alpha Sport is built for sport shooting. It has a polymer stock and forearm on a 26” barrel. The Alpha Sport has a thin forearm, the sleek narrow design allows the shooter to improve their grip. A wide vent rib and a fiber optic front sight, makes it easy to have fast target acquisition.

### ATI Alpha Field Semi Auto Shotgun
- Semi-Automatic inertia recoil system
- Checkered Walnut stock and forearm
- 12 gauge, 3” Chamber
- Capacity 5+1
- 28” BBL

Item: ATIGAF1228VR

### ATI Alpha Sport Semi Auto Shotgun
- Semi-Automatic inertia recoil system
- Polymer stock and forearm
- 12 gauge, 3” Chamber
- Capacity 5+1
- 26” BBL

Item: ATIGAS1226VR

### ATI Alpha HD Semi Auto Shotgun
- Semi-Automatic inertia recoil system
- Synthetic stock and forearm
- 12 gauge, 3” Chamber
- Capacity 5+1
- 18.5” BBL

Item: ATIGAS1218HD
TAC Shotguns

Back again for 2015 are our new and improved shotguns in pump-action and semi-automatic. Now available with 18.5" or 28" barrels. The TAC-P & TAC-S each come in 12 gauge, ideal for tactical situations. Both feature an 18.5" barrel, chambered to handle up to 3" Magnum shells and come with black synthetic furniture.

TAC-S Semi Auto Shotgun
Semi-Auto with synthetic stock

Firepower Xtreme Hybrid 1911

We are proud to announce the development of the all new FXH-45! This is a Hybrid 1911 that has a polymer frame with 2 metal inserts for added stability and durability. Made in similar fashion to our other hybrids, this unique Patent-pending firearm has a steel match grade barrel and a custom designed steel slide. The frame was built to have an ergonomic feel with built in finger grooves. The FXH-45 accepts Glock front and rear sights, including after market night sights as well. This new breed of 1911 is compatible with most standard 1911 parts and grips.

1911 fans will surely take notice when they see the attractive new pricing of the proven Firepower Xtreme series. Our classic line of 1911s includes military and G.I. models, each styled with all steel parts and solid mahogany grips. Compatible with many different brands of 1911 magazines and parts as well. Some parts may need machining to fit correctly.

BB Techs BB6 9mm Pistol

The BB6 is a brand new 9mm pistol manufactured by BB Techs of Austria and exclusively imported by American Tactical. Created by innovative pistol designer Wilhelm Bubits, the BB6 features a reduced dropping barrel system, 5 different safeties; including a patented ambidextrous trigger safety lever, a quick detachable optic mount and a quick view “gutter” sight. Available with 15 & 18 round magazines, the BB6 9mm pistol is sure to carry on the long standing tradition of quality precision Austrian firearms.

GSG 1911 Pistols

GSG’s .22LR version of the classic 1911 pistol retains the originals’ uniqueness along with exciting new technology and features, including several safety functions to meet today’s rigorous standards such as a magazine disconnect safety. From casual plinking to competitive shooting, the GSG 1911 belongs in the hands of everyone who wants an excellent pistol at a great price.

GSG also offers a compatible slide .22LR conversion kit with a 10-round magazine for owners of .45ACP 1911s.

ISSC

The ISSC-Austria Modern Sporting Rifle MK22 Rifle is engineered and precision-built in Austria incorporating the look and feel of a military-style rifle with the modern elements of a modern sporting rifle platform.

The straight-pull action on the SPA 22/17 carbine is patterned after some of the best known Biathlon rifles: as such, the shooter only needs to operate the oversize handle with the index finger. All metal parts in the SPA 22/17 carbines are manufactured out of AISI-4140 carbon steel.

The M-22 brings you handling and performance that is closer to the modern defensive handgun than any other rimfire pistol. The accurate rapid fire performance of the M-22 offers the shooter an economical shortcut for modern pistol practice.

SPA Wood Stock

Straight pull action
5lb trigger
10 RD Magazine

Lucas Oil Field Gun Oil

American Tactical is proud to use Lucas Gun Oil in our firearms. Lucas gun oil is a special blend of oil and petroleum-extracted additives. It can be used to waterproof, rustproof, or cut through rust that’s already taken place. This gun oil is an excellent polishing compound for stainless steel and also resists fingerprints.

Item: LCS10006

American Tactical provides warranty services, parts and repairs for our products. If you believe your American Tactical product or American Tactical brand product needs service, please email TechService@AmericanTactical.us. In said email, be sure to provide: make, model, serial number, and caliber of the firearm in question; as well as the owner’s name, address, city, state, zip, email address and phone number. One of our representatives will assist you and provide further instructions.

All returns for service or repair require a Return Authorization (RA) number to be issued by an American Tactical representative. An American Tactical representative will send an RFID tag via USPS along with instructions on shipping the firearm. No returns for service will be accepted without an American Tactical issued RA number written clearly on the outside of the package and a RFID tag attached to the firearm. Any items received without an American Tactical issued RA number will be returned to the sender without action.

Service time frame may vary due to service queue and availability of parts from various manufacturers. It is the responsibility of the consumer to ship any firearms or products to American Tactical for service. All firearms returned to American Tactical for service can only be shipped back to the original senders address. Change of return shipping address once received is not authorized.

American Tactical Warranty, Service Policy & Procedure. American Tactical has a lifetime limited warranty on all products.
American Tactical RUKX Gear™
